

## Sylvanix Decking Snow Load Spans

Span / Load Rating	Profile	Allowable span due to snow load (in)		
		200psf	300psf	400psf
16/100	Elite Collection	16	16	16
16/100	Elite Essentials	16	16	14
16/100	Destinations	16	16	16
16/100	Skyline Series	16	16	16

\*Spans listed meet or exceed the required snow loads except as noted. High temperature End Use Adjustment factors were not included as they would not be a service factor during snow loads. Duration of Load and Creep were not addressed in the analyses.
